Dear Chairman DeFazio and Ranking Member Graves,

I write to request funding for the West San Jose Priority Bikeways Implementation Project in the legislation to reauthorize federal surface transportation programs. The project sponsor for this project is the City of San Jose and the project is located in San Jose, California, 95128.

If included in this legislation, the funding will be used to build nearly five miles of separated bike lanes in San Jose, California. This project is an appropriate use of taxpayer dollars because it will provide important public benefits including improved safety for bicyclists and improving bikeway connectivity throughout the city.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your attention to my important request.

Most gratefully,

Anna G. Eshoo
Member of Congress
